

8:30	REGISTRATION / NETWORKING BREAKFAST (Ballroom B)
9:00	Welcome, Announcements and Safety Notes PETER M. DUNCAN — President & CEO, MicroSeismic, Inc.
9:10	Keynote: Unconventional Reserve Development JOHN GIBSON — Chairman, Energy Technology, Tudor, Pickering, Holt & Co.
10:00	Keynote Q&A PETER M. DUNCAN — President & CEO, MicroSeismic, Inc.
10:05	Poster Abstracts
10:10	BREAK / POSTER SESSIONS
10:35	Eagle Ford Shale Black Oil EOR Program: Development and Optimization SCOTT WESSELS — Vice President of Geoscience, PetroEdge Energy IV LLC
11:10	Vaca Muerta: Where Are We Today? GUSTAVO CARSTENS — Argentina Regional Consultant
11:30	Merging Seismic, Geologic, and Engineering Data to Predict Completion Performance Using Network and Multivariate Modeling TROY RUTHS — Chief Executive Officer, Ruths.ai
11:50	NETWORKING ROUNDTABLE LUNCH / POSTER SESSIONS (Ballroom A)
1:00	Market Forces and The Year Ahead for MicroSeismic, Inc. PETER M. DUNCAN — President & CEO, MicroSeismic, Inc.
1:45	A Permian Case Study in Value Creation: Doing Better Than You Imagined ALISON SMALL — Geophysical Advisor, Element Petroleum
2:20	Real-Time Visualization of Production Drainage From Productive Stimulated Reservoir Volume (P-SRV®) STUART JACKSON — President & Founder, NarSysTech LLC
2:40	BREAK / POSTER SESSIONS
2:55	Tank Development in The Midland Basin, Texas: a Case Study of Super-Charging a Reservoir to Optimize Production and Increase Horizontal Well Densities JILL THOMPSON — Geologist, QEP Energy NICK FRANCIOSE — Reservoir Engineer, QEP Energy
3:40	Technology Developments in Microseismic Monitoring SHAWN MAXWELL — Geophysical & Geomechanical Advisor, Newfield Exploration
4:20	Closing Remarks & Turn in Surveys PETER M. DUNCAN — President & CEO, MicroSeismic, Inc.
4:30	CLIENT RECEPTION (Ballroom B)
