

Tuesday, August 26th

8:50 - 9:15 AM "Hydraulic Stimulation Strategies to Improve Estimated Ultimate Recovery of Hydrocarbons" **Room 361B**

Dr. Jon McKenna, Completions Engineer, MicroSeismic, Inc.

9:30 AM "Wellbore Shear - Mitigating Faults you Might not Even Know you Have" **Booth 1616**

Dr. Peter M. Duncan, CEO & Founder, MicroSeismic, Inc.

10:00 AM "AI and Microseismic Imaging" **Booth 1616**

Dr. Michael Thornton, CTO, MicroSeismic, Inc.

10:30 AM "Book Presentation: Interpretación Sísmica en la Exploración y Desarrollo de Hidrocarburos" **Booth 1616**

Luis Vernengo, Seismic Geophysicist, MicroSeismic, Inc.

3:00 PM "Uniformity Index Measurement using Microseismic Event Apparent Velocity" **Booth 1616**

Mike Saunders, Staff Geophysicist, MicroSeismic, Inc.

3:30 PM "Hydraulic Stimulation Strategies to Improve Estimated Ultimate Recovery of Hydrocarbons" **Booth 1616**

Dr. Jon McKenna, Completions Engineer, MicroSeismic, Inc.

9:00 PM - 12:00 AM Presidential Jam
Hilton Americas

Wednesday, August 27th

8:50 - 9:15 AM "WING - A Panel Discussion on The Geothermal Good Life" **Geothermal Hub - Floor 3**

Analiese Andersen, Account Executive, MicroSeismic, Inc.

9:30 AM "Book Presentation: Interpretación Sísmica en la Exploración y Desarrollo de Hidrocarburos" **Booth 1616**

Luis Vernengo, Seismic Geophysicist, MicroSeismic, Inc.

9:35 - 9:55 AM "Fit for Purpose Seismic Acquisition for Carbon Storage Applications" **Carbon Management Pavilion - Booth 501**

Dr. Peter M. Duncan, CEO & Founder, MicroSeismic, Inc.

10:00 AM "The Unexpected Reach of Strike-Slip Faulting" **Booth 1616**

Dr. Molly Turko, Structural Geologist, Devon Energy

10:00 AM "Microseismic Monitoring for EGS: Choosing the Right Technology" **Geothermal Hub - Floor 3**

Analiese Andersen, Account Executive, MicroSeismic, Inc.

11:30 AM - 01:00 PM Women's Network Luncheon: Beyond the Surface: Generative AI's Role in Next-Gen Subsurface Characterization **Room 320B**

JOIN OUR
VIRTUAL TALKS

Wednesday, August 27th

2:00 PM "Optimized Stimulations of Enhanced Geothermal System Doublet" **Geothermal Hub – Floor 3**

Dr. Jon McKenna, Completions Engineer, MicroSeismic, Inc.

3:00 PM "The Passive Side of Future Seismic: Is There Anything Left to Do? Or When Do We Stop Innovating?" **Booth 1616**

Dr. Peter M. Duncan, CEO & Founder, MicroSeismic, Inc.

3:30 PM "How Susceptible are Bedding Planes to Slipping?" **Booth 1616**

Dr. Jon McKenna, Analysis Team Leader, MicroSeismic, Inc.

Thursday, August 28th

7:00 AM - 9:00 AM Women's Networking Breakfast
Phoenicia MKT Bar

Friday, August 29th

8:30 AM - 12:00 PM W-4 Advances in Subsurface Characterization, Fractures, and Geomechanics **GRB, 361 AD**

Dr. Anna Krylova, Analysis Team Leader, MicroSeismic, Inc.

SPEAKERS

Dr. Peter Duncan,
Founder & CEO,
MicroSeismic, Inc.

Dr. Jon McKenna,
Geological Engineer,
MicroSeismic, Inc.

Dr. Michael Thornton,
Chief Technology Officer,
MicroSeismic, Inc.

Luis Vernengo,
Seismic Geophysicist,
MicroSeismic, Inc.

Analiese Andersen,
Account Executive,
MicroSeismic, Inc.

Dr. Anna Krylova,
Analysis Team Leader,
MicroSeismic, Inc.

Mike Saunders,
Staff Geophysicist,
MicroSeismic, Inc.

Dr. Molly Turko,
Structural Geologist,
Devon Energy

MicroSeismic
